Although the abovementioned is the current level of turnover and is closely related to economic indicators, it may be more or less in future. Consequently, this Certificate does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a start-up enterprise this EME Certificate is valid only for the contracts with a single value of less than or equal to R5 million. Should the contract value being tendered for be higher than R5 million, then the EME will be required to submit a certificate based on either the QSE or a Generic Scorecard, depending on the value of the tender.

Based on the procedures performed, as set out on the following page, we have determined that the turnover is less than or equal to R5 million. Based on certain procedures performed, we have determined that the level of Black Ownership / Black Women Ownership is as set out in this Certificate. Our conclusion is subject to an inherent limitation in that our procedures performed were on historical financial information that has not been subject to audit or review.
